# Progressive Constructive LLP

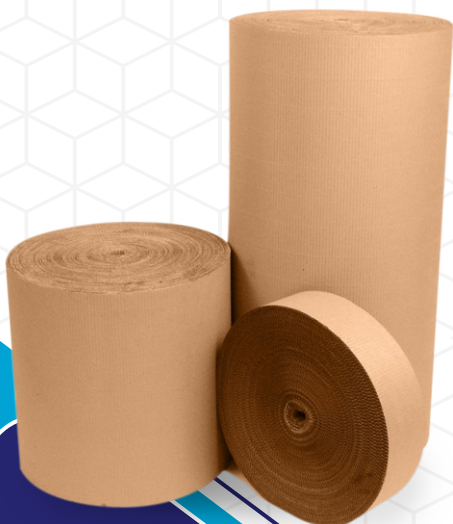

Progressive Constructive LLP, We are the manufacturer of plain and printed corrugated boxes, Sheets and Rolls in Urli Devachi area. Our Manufacturing facility includes a semi Automatic plant with two-color Flexo printing Machine having 4 tone production capacity in a single shift.

The best quality corrugated boxes offered by us are manufactured with premium quality raw materials using the latest and updated technologies. Our range of packaging material is appreciated for its durability, water-proofing, and reliability. These products are tested on stringent quality checks and as per the defined industry standards. In

## Corrugated Box

**Available in 3 Ply, 5 Ply, 7 Ply, 9 Ply**

With over two decades of experience in corrugated packaging industry, we have in-house research team to create corrugated boxes as per the dimensions of the containers thereby providing optimal space utilization. Owing to the light weight cardboard used to create the corrugated boxes, handling becomes easy thereby making it cost effective. Be it chemical, pharmaceutical or FMCG industry, our corrugated boxes are known for their longevity and quality.

## Corrugated Rolls

**Available in only 2 Ply**

Corrugated Cardboard Rolls can be used for a variety of purposes like packaging, packing and storing. Corrugated rolls are a protective packaging product for customers who require a flexible solution to protect their products in transit. They provide the easiest way to package and protect items of different sizes and forms as the soft liner improves shock absorption. It is easier to use since it can be manually cut to size and wrapped around a product.

# Corrugated Sheet

Available in 3 Ply , 5 Ply , 7 Ply, 9 Ply & 11 Ply

Corrugated sheets is a material consisting of a fluted corrugated sheet and one or two flat linerboards. It is made on "flute lamination machines" or "corrugators" and is used in the manufacture of shipping containers and corrugated boxes. Being sturdy and soft, it helps in cushioning as it resists compression and is an excellent low-cost item. These corrugated cardboard sheets are best used to line boxes, separate items inside or pad them.

## Printed / Lamination Corrugated Box

Available in 3 Ply , 5 Ply , 7 Ply, 9 Ply

# Plant Facilities

## A - Manufacturing Units

We have our manufacturing units as follows

- 1) Progressive Constructive LLP (Pune)
- 2) Winsun Packing (Vadodara)

## B - Production Capacities

With standard quality of machineries we have a 20 Tons of daily production considering two plants with best quality product.

## C - Transport

We own a transport vehicle and tie it up with a transporter to deliver fast your valuable order on or before time.

“Think packaging, Think us.”

## Our Quality

Stringent in-process testing and inspection ensure that we deliver a quality product that consistently meets and exceeds all our client's requirements. We have a documented quality policy and are committed to continuous improvement and perfection.

## Our Machinery

To manufacture and quality check all our products, we have developed a wide spread facility. This facility is equipped with various machines that are of different brands and are in different numbers.

### The details of our machinery are

- Corrugation Machine (Amar Engineering)
- Pasting Machine (Darshan)
- Die Cutting Machine (Darshan)
- Stitching Machine Single Pin (Darshan)
- Stitching Machine Double Pin (Darshan)
- Rotary Machine (Darshan)
- Printing Machine (SUPER CUT)
- Flexo Printing Machine (SUPER CUT)
- GSM Testing Machine (In House Lab)
- Slotting Machine (Darshan)
